# All-New Renault CAPTUR

October 2020

## Interior revolution

Inside the cabin All-New CAPTUR feels like a car from a class above. It has entered a new dimension of quality and comfort with high-grade materials, improved comfort and greater interior space. The Smart Cockpit angled towards the driver offers a unique driving position. The flying console coupled with the e-shifter\* brings a futuristic touch to the cabin.

\* Flying console with E-Shifter standard on E-TECH Launch Edition, optional on S Edition as part of Comfort Pack

Optional flying console with e-shifter - standard with E-TECH Plug-in Hybrid

Model shown with optional 10" TFT Driver Information Display

## Make no compromise on practicality

Enjoy a large SUV interior space designed to give you maximum comfort. Make the most of one of the largest boot volume in the category (up to 536L). The ingenious sliding rear bench can slide 16cm forwards or backwards, creating either more space for passengers or a larger boot. Need to transport long or bulky items? Make room in the back thanks to the folding bench seat to benefit from a huge 1,275 l of space.

## All-New CAPTUR E-TECH Plug-in Hybrid: electric on demand

All-New CAPTUR E-TECH Plug-in Hybrid is the most efficient, yet most dynamic CAPTUR to date. Combining an efficient 1.6L petrol engine with a 9.8 kWh battery and two electric motors, it delivers 160 hp and allows day-to-day full electric driving; ideal for zero emission commuting. On the occasional long journeys, All-New CAPTUR E-TECH Plug-in will run using both the petrol engine and the electric motors offering unprecedented flexibility. This clever combination is the result of Renault's decade-long expertise in electric vehicles coupled with Formula 1® technology applied to road cars.

# E-TECH

## The best of both worlds

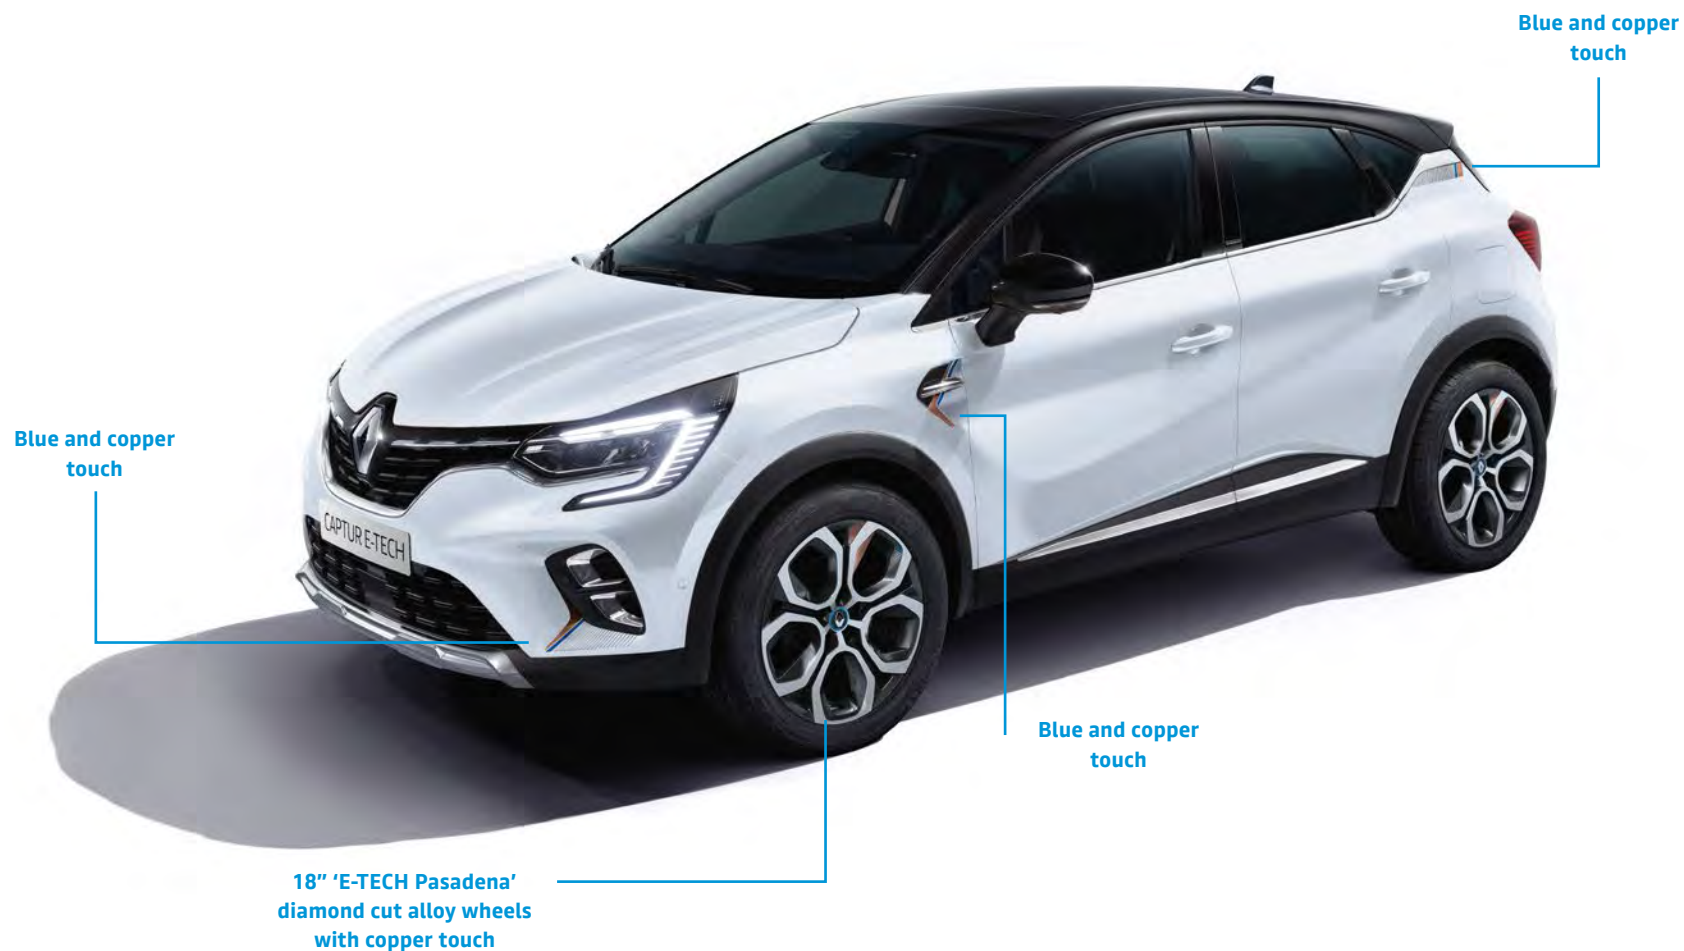

All-New CAPTUR E-TECH Plug-in offers all the benefits of CAPTUR and more. Experience a cleaner, more dynamic SUV drive with confident acceleration while lowering your running costs. Charging is also simple: it will take up to 4h15\* at home on mains socket or 3h on a dedicated home wallbox. Alternatively, you can also use one of the thousands of public charge points across the UK.

# E-TECH

\*Estimated charging time on a UK 3-pin domestic socket with 230V and 13A.

# E-TECH Launch Edition

To celebrate our first ever Plug-in Hybrid model we have designed the E-TECH Launch Edition. In addition to the S Edition trim equipments, this limited edition features unique design elements with blue and copper touches inside and out.

# Charging the All-New CAPTUR E-TECH Plug-in

Charging every day is important to make the most of All-New CAPTUR E-TECH Plug-in.

Charging method	Usually found at	Charging time Empty to full
3.7 kW / 7kW	Home / Work / Public locations (supermarket, street...)	3h
22 kW	Work / Public locations (supermarket, street...)	3h

All-New CAPTUR E-TECH Plug-in can charge at a maximum rate of 3.7 kW.

## What are the benefits of each charging method?

Charging location	Benefits
At home	The most convenient way to charge your All-New CAPTUR E-TECH Plug-in is at home overnight so you can enjoy a full battery every morning
At work	Plug in when you're at work so you can leave fully charged at the end of the day and maximise zero emission driving on your way home
At public locations	Public charging gives you the opportunity to top up your battery at convenient locations like supermarket or car parks

## Not sure to find charge points around you?

Use your EASY LINK navigation or MY Renault APP to find local charge points around your route.

## Charging cables

**Type 2 (mode 3):** also coming standard, this is the cable you would need to use if you install a dedicated charger at home. Length: 6m. Charging capacity: 3.7 kW. Charging time: 3h.

## Wallbox included

Renault has chosen BP Chargemaster as our preferred Electric Vehicle Charging partner, through which we are able to take advantage of a government grant of up to 75% support. Renault is able to offer our retail customers a FREE 7kW Homecharger, fully installed and able to charge All-New CAPTUR from flat-to-full in 3 hours.

## 5 year battery warranty

For added reassurance and peace of mind, the traction battery on All-New CAPTUR E-TECH comes with an 5 year/50,000 mile warranty , giving you confidence in our technology and on the road.

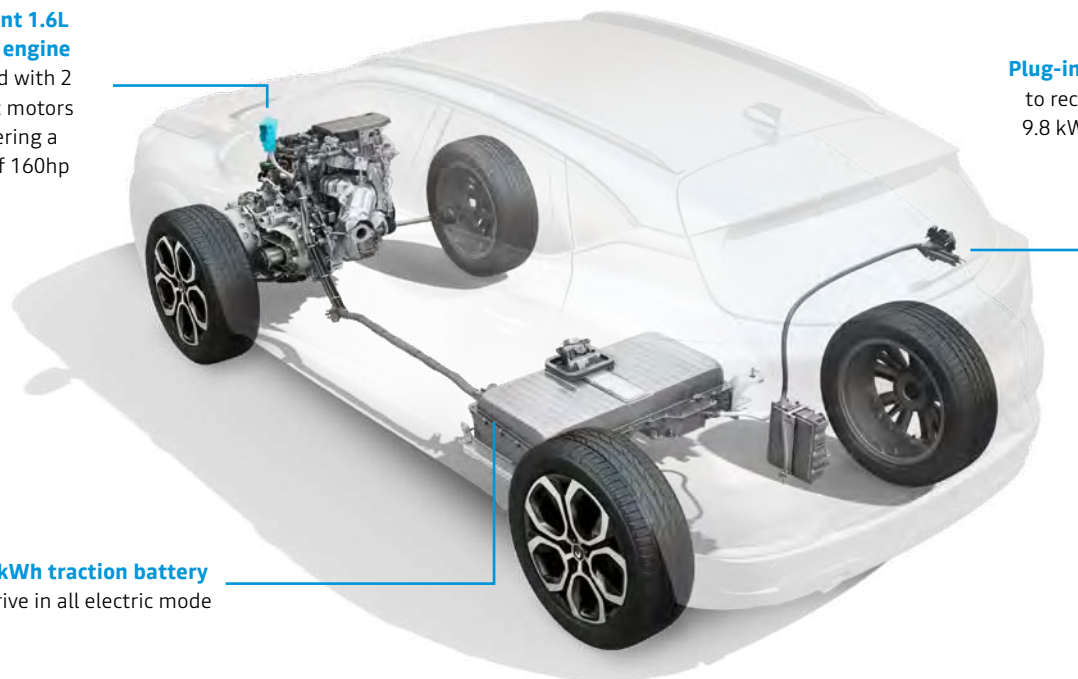

# Driving the All-New CAPTUR E-TECH Plug-in

**E-TECH**

**Efficient 1.6L petrol engine**  
coupled with 2 electric motors delivering a total of 160hp

**Plug-in connector**  
to recharge the 9.8 kWh battery

**9.8 kWh traction battery**  
to drive in all electric mode

## It drives easily, just like an automatic

### Starting off

Always in electric mode

All-New CAPTUR E-TECH Plug-in makes no noise when you start it. It uses the main electric motor to start in full electric mode; improving fuel economy, reducing emissions and maximising driving comfort.

### Electric drive

Zero-emission drive

Use it like an electric car for day-to-day trips to reduce the running costs and enjoy the pleasure of electric drive.

### Hybrid drive

The best of both worlds

On the occasional long journeys the electric motors and the petrol engine work together to maximise fuel economy. The vehicle will always choose the optimal mode to maximise efficiency.

### Deceleration / braking

Energy recovery

Just like on a Formula 1® car, the system will capture energy through regenerative braking to help recharge your battery. This boost increases when you select the B Mode on the gear selector.

### Reversing

Always in electric mode

Reversing is always in full electric mode to further improve fuel economy and lower exhaust emissions.

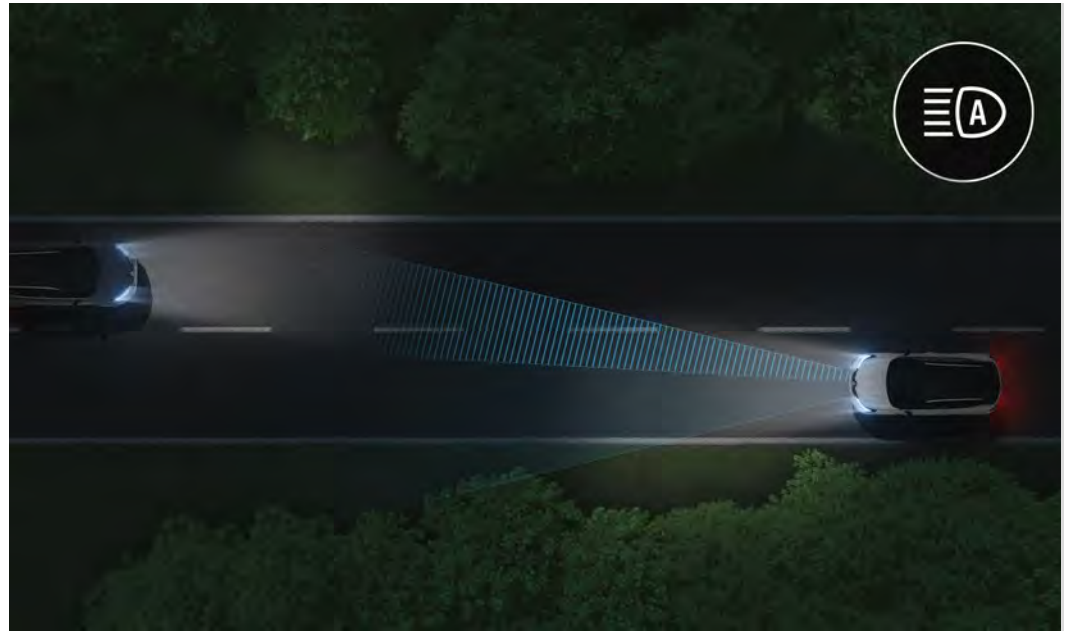

## Cutting edge technology

All-New CAPTUR is equipped with the highest level of technology designed to improve safety. It also features technologies from the class above, paving the way to autonomous driving.

**1. 360° camera.** With its panoramic view, the 360° camera helps to guide you into the tightest spots.

**2. Renault Pure Vision LED headlights** Standard across the range, the Pure Vision full LED headlights provide greater visibility at night. With automatic high-beam\*, All-New CAPTUR will switch to low beam as you enter a built up area or approach another vehicle.

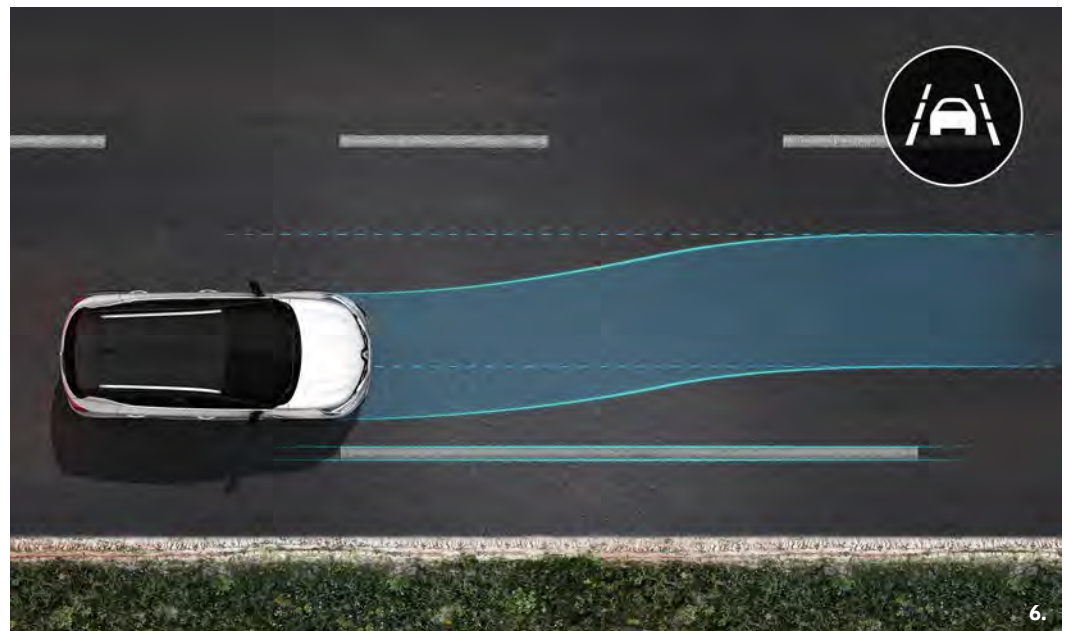

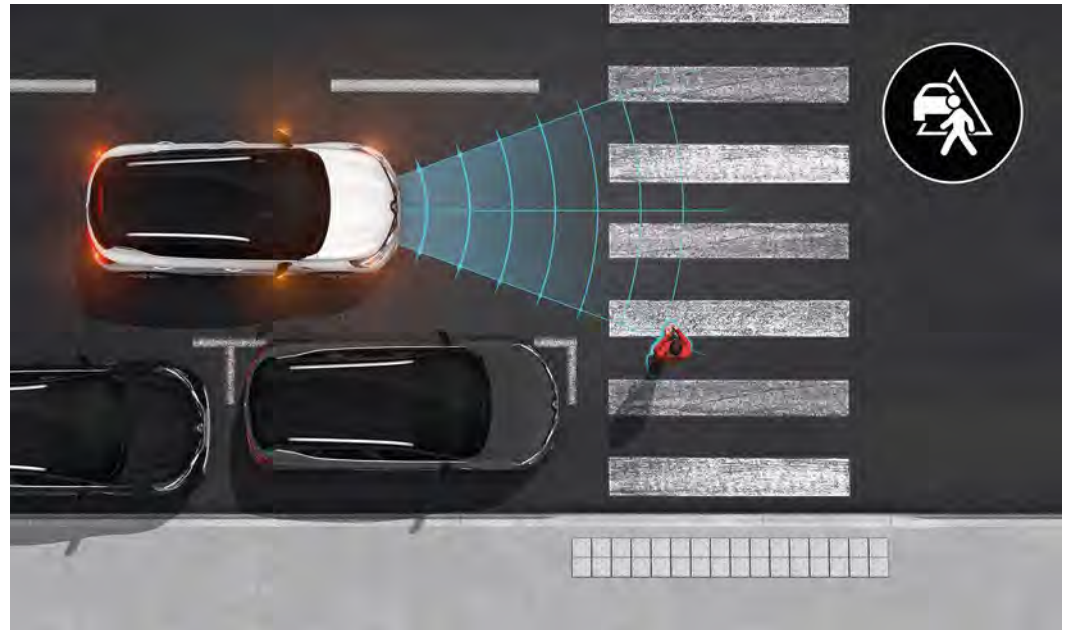

\* S Edition, BOSE Launch Edition and E-TECH Launch Edition

**3. Lane Departure Warning and Lane Keeping Assist.** Standard across the range, these driver aids alert you and gently correct your trajectory if your vehicle changes lane without signalling.

**4. Active Emergency Braking System.** All-New CAPTUR watches over you and your surroundings. If there is sharp braking or a pedestrian crossing, All-New CAPTUR warns you and can automatically perform emergency braking.

# Colours

---

(1) Non metallic paint

(2) Optional metallic paint

(3) Optional Renault ID metallic paint

\*Stock orders only

Every effort has been made to ensure that the information, descriptions, and images were correct at the time of publication however images may not always reflect the exact version selected. It should be noted that limitations on screen do not permit the subtle paintwork shades on this page to be shown with absolute accuracy.

## Volumes

### BOOT VOLUME (VDA)

### Litres

Boot volume with bench seat pushed back (petrol/diesel/PHEV)	422/406/265
Boot volume with bench seat pushed forward (petrol/diesel/PHEV)	536/520/379
Boot volume with bench seat folded down (petrol/diesel/PHEV)	1,275/1,275/1,118

# Accessories

**1. Underbody Welcome Light.\*** Don't get lost again in a poorly lit car park. All-New CAPTUR lights up automatically when you either approach it or simply press a button on your key.

**2. Shark Antenna.\*** Add a sporty touch with the Shark Antenna, perfectly integrated in to the shape of your All-New CAPTUR. Compatible with digital audio broadcasts (DAB).

**3. Standard Boot Liner.** Essential for protecting the boot of your All-New CAPTUR and transporting larger objects. The liner fits the boot of your vehicle perfectly and it's semi-rigid material makes it easy to both fit and clean.

**4. Illuminated CAPTUR Door Sills.\*\*** An elegant and modern touch everytime you open the doors of your All-New CAPTUR. Finished with the CAPTUR logo, these sills also protect your vehicle's doors from damage.

**5. Bodywork Protection Film.** Take complete care of your All-New CAPTUR. Protects against scratches to keep your car looking as good as new. Available in a Full Car Protection Pack or in smaller packs to cover seperate sections of the vehicle.

\* These accessories require registration of the vehicle before fitment.

\*\* Also available in a non-illuminated version.

Accessories are fitted post-production, and may have an impact on real world fuel (actual) consumption and CO<sub>2</sub> figures.

For more information, consult the All-New CAPTUR accessories brochure. For prices, please refer to Renault Car Price Guide.

# Renault Services

---

## **3 Years Warranty**

Your Renault car is covered by a warranty package for up to 3 years from date of first registration with unlimited mileage during the first 24 months, then limited to a total of 50,000 miles or 3 years, whichever comes first. Your Renault Dealer is able to repair or replace without charge, parts that are found to have a material or assembly defect that is recognised by Renault. The paintwork warranty runs for 3 years and the anti-corrosion warranty for 6 years<sup>o</sup>.

## **Customer Relations**

Renault knows the value of communicating with it's customers and we have established effective ways to keep in touch with you.
